

## Installationspakete für die paedML® Linux

Stand: 26.06.2022

Sehr verehrte Kunden,

wir sind bestrebt, die von uns angebotenen Installationspakete auf dem aktuellen Release-Stand zu halten. Dies gelingt jedoch nicht immer, insbesondere dann, wenn die Updates zu dicht hintereinander folgen. Kontaktieren Sie uns bitte über die E-Mail-Adresse [son@lmz-bw.de](mailto:son@lmz-bw.de), falls Ihnen veraltete Installationspakete auffallen oder Sie Anregungen für neue Pakete haben.

Hinweise zu opsi-Paketen:

Voraussetzung für die Softwareverteilung mit opsi ist der Einsatz einer aktuellen paedML Linux ab Version **6.0**.

Weitere Informationen zu opsi finden Sie auf unserem [Portal](#).
